Vertical Piano

This exceptional piano has won applause from around the world. Critics say it's truly a grand piano in an upright form. Teachers can provide concert quality touch and sound in a studio setting. Professional musicians can practice with a stage quality presence. Maximum soundboard area, an extremely responsive action and specially designed hammers give musicians a range of touch and tone impressive by any measure.

The Pearl River Piano Group Ltd. was established in 1956 and has rapidly grown to become one of the world's leading piano manufacturers. Today with nearly 4,000 employees and over 3 million square feet of production space, Pearl River has the capacity to manufacture over 100,000 pianos per year.

Pearl River is proud to be the first piano factory in China to be awarded the ISO 9001 Certification for Quality Control Systems and was also recently awarded ISO 14001 for Environmental Management System Compliance.
